## ORDER FORM FOR BLUETONGUE (BTV8) VACCINE

The Scottish Bluetongue Vaccination Campaign commences on or after 1 November 2008. Vaccination is compulsory for cattle and sheep and strongly encouraged for other susceptible animals.

**This form is for use by livestock keepers to order BTV8 vaccine from their veterinary practice. You may only order vaccine through one practice. Vaccine for immediate use only should be ordered.**

### Part 1 - Order

Please circle which is appropriate:      First Order      Additional Order

Name of keeper/owner: .....

Address:.....

Post code: ..... Phone no: .....

Main CPH Number:  /  /

If the vaccine is intended to be used on other holdings please list CPH below:

- 1) Holding: .....  //  //
- 2) Holding: .....  //  //
- 3) Holding: .....  //  //

Note: To ensure immunity, sheep require 1 dose of 1ml, and cattle and other animals require 2 doses of 1ml given 4 weeks apart (unless manufacturer's instructions differ).

**I wish to order .....doses of vaccine for use in:**

CATTLE	No.	SHEEP	No.	OTHER ANIMALS	No.
Bulls		Rams		Goats	
Breeding cows		Breeding ewes		Deer	
Heifers		Gimmers		Other (please specify)	
Other cattle over 3 months old		Other sheep over 3 months old			
<b>total cattle:</b>		<b>total sheep:</b>		<b>total other animals:</b>	
<b>x2 = total cattle doses:</b>		<b>= total sheep doses:</b>		<b>x2 = total doses for other animals:</b>	

I would like the delivery on ...../...../200..... (dd/mm/yyyy)

I, being the keeper/owner of the animals identified overleaf, understand that:

- bluetongue vaccine can only be used in accordance with the regulations and general licences set under The Bluetongue (Scotland) Order 2008,
- I am only entitled to order vaccine for immediate administration to animals under my care which are resident in Scotland,
- bluetongue vaccine **must be refrigerated** between +2°C and +8°C during any storage period and any vaccine which fails to be suitably stored must be destroyed,
- once opened, bottles of vaccine should be used within 8 hours, and must be refrigerated during this time,
- no return of unused vaccine can be accepted.

Signature.....

Date.....

Note: The signed and dated form should be returned to your veterinary practice to enable your vet to place the order.

---

## Part 2 – Confirmation of vaccine delivery

(For completion by the veterinary practice or veterinary pharmacy)

In order to allow Scottish Government to monitor the distribution and use of BTV8 vaccine, **please sign and date this form and return it to the Scottish Government as soon as possible after delivery.**

I have dispensed ..... doses of BTV8 vaccine to the animal keeper/owner recorded in part 1.

Name.....

Tel No.....
